MISSION STATEMENT

Our mission at Sierra Soft is simple. We strive to offer our customers the very best quality products, at an attractive cost, that fits within their budget. We are innovators of unique janitorial supply and disposable cleaning products. Sierra Soft products offer optimum performance and value for our customers. It is our goal every day to ensure that what we send out to our customers meets their requirements and perform to our customers expectations.

COMPANY PROFILE

Sierra Soft is a division of CWGC LA INC which was established in April 2000 as a branch in LA for www.chinaworldbestgroup.com, one of the largest textile and medical companies in China before they were merged by www.crc.com in 2007.

CWGC began selling TSC in 2005 and quickly became a prominent player in the market. We specialize in private branded products for major suppliers and distributors nationwide. The brand "Sierra Soft" was created in 2010 and approved by PTO in 2013.

A new category of foam soap products was developed in 2014 by request of a high profile client. The finished products were introduced in 2016. The patent for the cartridges was approved in 2017 Patent #US9, 750, 377 B2. Currently a new patent application is in the works for our unique counter mount foam dispenser.

The same factories that supply well known U.S. brands work with Sierra Soft to create our product line.

SIERRA SOFT *Countermount Dispenser*

Game Changing Features and Technology

Our new dispenser will reduce upkeep costs while making maintenance easier than ever. Innovation meets convenience for your needs.

Battery

Uses only 3 C batteries compared to 4 D batteries and can last up to 60,000 dispenses

KEY ADVANTAGES

Convenient Refill

1.6 Liter capacity with an unbeatable price and rich foam. No more 'threading the needle' to reinstall a new soap refill.

Antibacterial Hand Washes &
Dye-Free Fragrance-Free Hand Washes Available

Installation

No tools or special devices needed.
Retrofits into standard countertop 1" hole.

**INTRODUCING SIERRASOFT’S NEW
FOAM HANDS-FREE COUNTER MOUNT
DISPENSER**

This patented system offers simple battery pack replacement and easy to install foam soap cartridges.

The design will enhance any restroom. It is perfect for hospitality, healthcare, casinos and Class-A office buildings.

Let us show you the best counter mount system on the market!

Cost 50% less than most cartridges in the US market.

New valveless design for reliability

2 dispensing amounts and programmable priming function

Auto rinse function for vacated areas

Quick ¼ turn for cartridge changes

Big energy saver: Uses 3 C Alkaline batteries and last 2 times longer than competition

- Battery compartment is toolless snap-in design, simple and quick change
- Tool-less install
- Recyclable 1.6 liter cartridge
- Protected by 7 patents

Order #CMDP

Hands-free counter mount dispenser only.

Order #HSG016

Ocean scented Foaming Hand Wash

Order #HSG316

Dye-Free Fragrance-free Foaming Hand Wash

Order #HSAB116

Saffron scented Antibacterial Foaming Hand Wash

All are 6 bottles / pack, 1.6 L cartridge

**INTRODUCING SIERRASOFT’S NEW
FOAM HANDS-FREE TOP FILL COUNTER
MOUNT DISPENSER**

This patented system offers the same benefits of our new hands free counter mounted system while offering customer's the freedom for their own soap choices.

Let us show you the best top fill counter mount system on the market!

Top Fill multiple faucets all at once!

Can use as a single faucet or multiple ones.

Significant cost savings to other brands and has 5 year warranty

Refill is 3 times faster than others brands saving on labor costs

Proprietary 1 gallon refill container has a special designed tube with a seal ring on the cap. Insert the tube into the injection hole and you can do other tasks while refilling

Although the liquid soap is distributed from one hole, multiple dispensers are operating independently. They do not affect each other.

Order #CMDP-T

Topfill Hands-free counter mount dispenser only.

Order # CMDP-T-Bottle

1 Gallon Topfill Hands-free counter mount gallon bottle with refill tube and nose

NEW PUMPLESS WALLMOUNT AUTO DISPENSER

COST SAVING AND NEW TECHNOLOGY

Lowest cost of soap cartridges in the US Market

All new pumpless technology saves money and reduces plastic waste

Cartridges are 100% Recyclable due to new design

Energy efficient and uses only 4 AA batteries

DISPOSABLE GLOVES

ProShield & SafetyShield

HANDS ON SOLUTIONS

The National Institute for Occupational Safety and Health (NIOSH) Latex Allergy Alert June 1997 lists this as its’ number one recommendation for latex allergy prevention:

“USE NON-LATEX GLOVES FOR ACTIVITIES THAT ARE NOT LIKELY TO INVOLVE CONTACT WITH INFECTIOUS MATERIALS (FOOD PREPARATION, ROUTINE HOUSEKEEPING, MAINTENANCE, ETC.)”

This describes the janitorial trade applications precisely. In other words, for non-medical applications use synthetic, nitrile or

LATEX ALTERNATIVES

SYNTHETIC	VINYL	NITRILE	POLYETHYLENE
A stretch vinyl material using vinyl as its base with additives to give increased flexibility similar to latex.	A poly vinyl chloride material derived from petroleum.	A man made nitrile buna rubber (NBR).	A thin low cost material made from PE resins.
